India's Top 200
Self-made
Entrepreneurs
of the Millennia 2023

INTRODUCTION

IDFC FIRST Private Banking and Hurun India's Top 200 Self-made Entrepreneurs of the Millennia 2023 showcases the impressive accomplishments of 405 founders from 200 companies in India's entrepreneurial landscape.

The list is dominated by Bengaluru, Mumbai, and Gurugram, emphasizing their status as major hubs for entrepreneurship. The collective value of the featured companies amounts to an impressive INR 30 lakh crore, reflecting their significant contribution to the Indian economy.

Notably, a substantial portion of the companies has expanded globally, demonstrating their ambition and growth potential. The inclusion of young founders born in the 1990s and women entrepreneurs highlights the diversity and dynamism of the entrepreneurial ecosystem.

Anas Rahman Junaid

Founder & Managing Director, Hurun India

It is with great pride that we present the inaugural edition of the "IDFC FIRST Private Hurun India's Top 200 Self-made Entrepreneurs of the Millennia 2023". This list is a testament to the remarkable entrepreneurial spirit that thrives in our nation, recognizing the 200 most valuable companies in India that were founded after the year 2000.

Our journey in compiling this list has been as inspiring as the stories of the 405 founders from the 200 companies that it features. We have witnessed the rise of visionaries like Radhakishan Damani, of Avenue Supermarts, and the dynamic founders of Flipkart and Zomato. We have seen how the entrepreneurial landscape is concentrated in the cities of Bengaluru, Mumbai, and Gurugram.

The collective value of the companies featured on this list is an impressive INR 30 lakh crore, equivalent to the GDP of Denmark. This is a testament to the

immense value that these entrepreneurs have created. It is also noteworthy that approximately 25% of these companies are publicly listed, and 34% have expanded their operations globally, showcasing the global ambitions of Indian entrepreneurs.

We are particularly proud to highlight the presence of 32 founders born in the 1990s and 20 women entrepreneurs, reflecting the diversity and inclusivity of India's entrepreneurial ecosystem.

V. Vaidyanathan of IDFC FIRST Bank too was selected in the ranking of India's Top 200 Self-made Entrepreneurs of the Millennia 2023. He leveraged his home to raise equity capital to acquire Capital First and later acquired a Bank licence for Capital First by merging it with IDFC Bank, to reach Rs. 60,000 crores (\$7.5b) in market capitalisation. But he recused himself from any ranking and listing as they are partners to the program. We are happy to partner with IDFC FIRST Bank on this prestigious list.

As you delve into this report, we hope you find the stories of these entrepreneurs as inspiring as we do. Their journey is a testament to the power of innovation and a relentless pursuit of vision.

We are extremely pleased to partner with Hurun India in launching the first edition of 'IDFC FIRST Private Hurun India's Top 200 Self-made Entrepreneurs of the Millennia 2023', a list of the 200 most valuable companies in India founded after the year 2000. This list specifically focuses on the exceptional achievements of self-made Indian entrepreneurs who have successfully built and nurtured the most valuable companies during this millennium.

Our country is well placed with moderate inflation and strong GDP growth. India is powering up today with key pillars including acceptance of entrepreneurship as a key driver of progress, accelerated pace of capital expenditure, providing social benefits to the bottom of economic pyramid, building digital ecosystems, increased financialization, liberalisation, reforms like GST and timely shift towards a "green" economy. Similarly, our country is developing a modern digital architecture which is a marvel of the world.

If India stays on such course of investing in physical, digital, and social infrastructure and continue with reforms, we will all see the miracle of India transforming into a developed country within our lifetimes, exceeding per capita income of \$15,000 by 2050. This economic progress naturally offers opportunities for entrepreneurship and wealth creation.

Coming to our Bank, we have placed ethics at the center of everything we do. This culture is reflected in the way we are designing our products and services, the way we shun legalese and fine print. We are the first and only bank in India, and possibly in the world, which offer ZERO Fees on all savings account services such as Debit Card Fees, ATM Cash withdrawal, NEFT, RTGS, IMPS, Cash Deposits, Cash withdrawal, Non-Home Branch transactions and 30 such

V. Vaidyanathan

**MD & CEO,
IDFC FIRST Bank**

As far as IDFC FIRST Private Banking is concerned, it is our endeavor to offer exceptional banking experience to our Private Banking clients. We offer personalized Wealth Management Solutions curated by IDFC FIRST Research, Family Office Solutions such as Trust & Will, Business & Lending Solutions & Curated Lifestyle Experiences. We work in the interest of our customers.

Lastly, it is a pleasure for IDFC FIRST Private Banking to associate with Hurun India as their list showcases the immense talent, innovation, and accomplishments of India's visionary founders, those who are propelling the nation's entrepreneurial ecosystem to new heights.

On behalf of IDFC FIRST Bank, I sincerely thank every self-made entrepreneur profiled here for your contribution to our country. You have created innovative solutions, created jobs, and powered the economy in your own way. Thank you.

ABOUT HURUN REPORT

Hurun Report is a leading research, luxury publishing and events group established in London in 1998 with a presence in India, China, France, the UK, the USA, Australia, Japan, Canada and Luxembourg. It is widely recognized world-over for its comprehensive evaluation of the wealthiest individuals across the globe. Hurun Report is the largest compiler of the rich list globally.

Hurun Report Inc. has four divisions: Hurun Report Media, a stable of digital media and four magazines; Hurun Research Institute; Hurun Conferences, an active events division targeting entrepreneurs and high net-worth individuals; and Hurun Investments, a USD 20mn early-stage venture capital fund with investments into tech, media, retail and education.

About Hurun India

“Promoting Entrepreneurship Through Lists and Research”

Hurun India was launched in 2012, under the leadership of Anas Rahman Junaid, a alumnus of the University of Oxford. Junaid met Rupert Hoogewerf, the founder of Hurun Global, through Oxford University and the duo thought it was the right time to speak about wealth creation in India as they saw India booming. Since then, Hurun India has been in pursuit to celebrate the stories of India's transparent wealth creation, innovation, and philanthropy.

The Five core pillars of Hurun India are:

Wealth Creation - We celebrate transparent wealth creation by bringing to light the success stories of some of the most amazing entrepreneurs through Hurun Rich Lists.

Hurun India Rich List is a ranking of individuals with a net worth of INR 1,000 crore+ and has grown to become the most comprehensive rich list in India. Over the last decade, the list grew from 100 individuals from 10 cities to 1,319 richest Indians, from 138 cities.

Hurun Leading Wealthy Women List is the ranking of the richest self-made women in India

Hurun Real Estate Rich List ranks the country's most successful Real Estate entrepreneurs.

Hurun India Wealth Report is the most detailed Hurun study on the wealth distribution landscape in India.

Value Creation - Under this pillar, Hurun celebrates the success stories of some of the most respected Indian companies through Hurun India 500- a ranking of the most valuable non-state-controlled companies and emerging companies and investors that make the future look bright for India through the Hurun India Unicorn Index, Gazelle List, Cheetah List, and Top Investors List.

Sustainability and Philanthropy - Hurun India Philanthropy List, which is on its 6th anniversary, ranks India's most generous entrepreneurs. Hurun India Impact 50 list ranks India's most sustainable companies based on their alignment with the UN's Sustainable Development Goals.

Art - In 2019, the Hurun India Art List was launched, aimed at tracking some of the most successful artists who are alive today by way of cumulative auction prices. Through the art list, we endeavour to encourage individuals to collect Indian art.

Lifestyle and Luxury -The Hurun Luxury Consumer Survey debuted in 2019 to encourage an understanding of ultra-high-net-worth individuals' lifestyle and brand preferences while curating a survey to help them explain their spending habits.

Globally, the Hurun brand registers an estimated 8 billion views, with 50% YoY growth, on the back of lists and research reports.

Hurun India serves as India's definitive voice celebrating wealth creation, innovation, and growth. Last year, Hurun further expanded its repertoire by releasing the Hurun Global Rich List 2023, a ranking of the 3,112 US dollar billionaires, the so-called 'Nine-Zero Club', currently in the world and the tenth India Rich List which ranks the 1,319 richest individuals in India, allowing for comparisons between some of the most dynamic economies in the world. The purpose of this list is to try and tell the story of modern India through the eyes of an entrepreneur.

ABOUT IDFC FIRST BANK

Introduction: IDFC FIRST Bank's vision is to build a world-class bank in India that's guided by ethics, powered by technology, and a force for social good. IDFC FIRST is a new age bank that works in the best interest of its customers.

Customer-First Philosophy: The Bank has a customer-first philosophy and offers high-quality products to our customers. In any product we launch, we bring something special to our customers. For instance, the Bank is the first and only bank in India that offers Zero fees for 28 essential services on Savings Accounts including for ATM cash withdrawals, IMPS, RTGS, NEFT, Cash Deposits at branches, Cash withdrawals at branches, SMS Alerts, Cheque book, Demand Drafts, Pay-order, duplicate statements, etc.

IDFC FIRST Bank is the first bank to offer monthly credit in savings accounts, so customers earn more with us. The bank's credit cards have unique features such as lifetime free, never-expiring rewards points, zero interest on cash withdrawal at ATMs and low APR, so customer incur less fees on our Credit Cards.

Ethics First: IDFC FIRST Bank prioritizes ethics in all its dealings and product design. The Bank believes that income earned unethically is not worth earning. The Bank applies a "Near and Dear" Test in all product design, so that the employees of the Bank serve only such products to customers that they'd want for their own loved ones.

Transformation: IDFC FIRST Bank has transformed from infrastructure to retail banking in four years since merger, increasing CASA ratio from 8.7% to 46.4% (September 30, 2023). Total Customer Deposits have increased by 4X from Rs. 39,602 crores at the time of merger as of December 31, 2018, to Rs. 1,64,726 crores as of September 30, 2023. The Bank has set up 862 branches and 1,111 ATMs.

Financial Performance: The Bank recorded a PAT of Rs. 1,516 crore (~US\$ 185 million) in H1-FY24, with strong Capital Adequacy of 18.06%, including Rs. 3000 crores of fresh equity capital raised in October 2023. The Bank has high asset quality, with Retail, Rural & SME book having Gross NPA of only 1.53% and Net NPA of 0.52% as of September 30, 2023. Overall Gross NPA including infrastructure is 2.11% and Net NPA is 0.68%.

ESG Goals: The Bank is highly committed to ESG. The Bank has high governance scores, the business lines naturally support social goals, and efforts are ongoing to achieve environmental goals.

Profiles of the Top 10 Self-made Entrepreneurs

1

Avenue Supermarts, popularly known as D-Mart, is a leading Indian retail chain that is founded by **Radhakishan Damani**. Damani, who is a successful investor and entrepreneur, has a background in finance and stock trading. Avenue Supermarts operates a chain of hypermarkets offering a wide range of products at competitive prices. The company's success can be attributed to its focus on efficient operations, low-cost business model, and strong customer value proposition. D-Mart went public in 2017 and has continued to expand its footprint, catering to the growing consumer demand in India.

2

Flipkart, an e-commerce giant in India, was founded by **Sachin Bansal and Binny Bansal** in 2007. Both Sachin and Binny are alumni of the Indian Institute of Technology (IIT) Delhi. Flipkart started as an online bookstore and rapidly expanded to become one of India's largest e-commerce platforms, offering a wide range of products in India. In 2018, Walmart acquired a majority stake in Flipkart, marking one of the largest e-commerce deals globally. Flipkart continues to innovate and adapt to changing consumer needs, driving the growth of the Indian e-commerce industry.

3

Zomato, founded by **Deepinder Goyal and Pankaj Chaddah**, is a leading Indian restaurant aggregator and food delivery company. Goyal, an IIT Delhi graduate in Mathematics and Computing, previously worked as a management consultant at Bain & Company. Chaddah, also an IIT Delhi graduate, joined Deepinder post their stint as analysts at Bain & Company. In 2018 Chaddah left the role from Zomato. Initially called FoodieBay, the company rebranded as Zomato to avoid conflicts with eBay. An interesting highlight is Zomato's acquisition of UberEats' Indian business, which further strengthened its position and dominance in the competitive food delivery industry.

4

Dream11, an Indian fantasy sports platform, founded by **Harsh Jain and Bhavit Sheth**. Jain, an MBA graduate from Columbia Business School, and Sheth, an alumnus of the University of Pennsylvania, combined their passion for sports and technology to create Dream11. The platform allows users to create virtual teams and compete in various sports leagues to win cash prizes. Dream11 gained immense popularity, becoming the official partner of the Indian Premier League (IPL). In 2020, Dream11 became their title sponsor, showcasing its influence in the realm of fantasy sports.

4

Swiggy, a popular food delivery platform in India, was founded by **Sriharsha Majety, Nandan Reddy, and Rahul Jaimini**. Majety, an IIT Kharagpur graduate, brings his engineering expertise to the company. Reddy, an alumnus of BITS Pilani, contributed his management skills, and Jaimini, another IIT Kharagpur graduate, added his technical knowledge until his departure. Swiggy started as a small startup in Bengaluru, providing on-demand food delivery services. The company's efficient delivery system and user-friendly app gained widespread popularity. Swiggy has expanded its operations to several cities across India and continues to innovate in the food delivery industry with new features and services.

Note : **Mr. V. Vaidyanathan, MD & CEO, IDFC FIRST Bank** originally featured in the research by Hurun India for the Top 10 of this list. However, his name has been excluded in the final list as IDFC FIRST Bank is associated with the initiative.

6

Razorpay, a leading Indian fintech company, founded by **Harshil Mathur and Shashank Kumar**. Mathur, an alumnus of the Indian Institute of Technology (IIT) Roorkee, and Kumar, an alumnus of the Birla Institute of Technology and Science (BITS) Pilani, joined forces to create a payment gateway offering seamless online transactions for businesses. Razorpay's innovative solutions and user-friendly interface have attracted numerous clients across industries. The company has raised substantial funding from prominent investors and continues to expand its services, providing cutting-edge payment solutions in India and abroad.

7

Abhay Soi, a prominent figure in the healthcare industry and the promoter of Radiant Lifecare, played a pivotal role in the successful merger of Radiant Lifecare with **Max Healthcare**. Soi's visionary leadership and dedication to exceptional healthcare propelled Max Healthcare Institute's growth and success. With a profound grasp of the healthcare industry, Soi has implemented innovative strategies and technologies to enhance patient care and outcomes. Max Healthcare Institute has gained a strong reputation for its world-class facilities, skilled medical professionals, and patient-centric approach. Under his guidance, the organization continues to expand its services, making a significant impact in the healthcare sector.

8

Established in 2009, **Paytm**, an Indian fintech company, has become a household name for digital payments and financial services. Founded by **Vijay Shekhar Sharma**, Paytm started as a mobile wallet and evolved into a comprehensive digital payments platform. The company's name, "Paytm," aptly represents its core mission of enabling payments through mobile devices. Sharma's entrepreneurial journey began early when he launched a website development company while still in college. He holds a Bachelor's degree in Electronics and Communications Engineering from Delhi Technological University (formerly known as Delhi College of Engineering) in Delhi, India.

9

CRED, a popular Indian credit card payment platform, was founded by **Kunal Shah**. Shah, an entrepreneur with a background in computer science, previously founded FreeCharge, a successful digital payments company. CRED aims at rewarding credit card users by offering them exclusive benefits and perks for paying their bills. The platform's unique approach and user-friendly interface have garnered a larger base. CRED has secured significant investments and partnerships with renowned brands. Its success demonstrates the power of innovative solutions in the fintech industry and evolving landscape of digital payments in India.

10

Zerodha, a leading Indian discount brokerage firm, was founded in 2010 by **Nithin Kamath and Nikhil Kamath**. Nithin with a vision to democratize investing and trading in the stock market. Nithin Kamath, with a strong background in trading and finance, brings his expertise to the company. He holds a bachelor's degree in engineering from NITK Surathkal. Nikhil, the younger brother, dropped out of his school when he was only 16, after Class 10. His entrepreneurial spirit gained hands-on experience and pursued business opportunities outside formal education.

Top Among the *Youngest*

The average age of the founders of the companies featured in **India's Top 200 Self-made Entrepreneurs of the Millennia 2023** is 44 years. One-third of the founders featured in the list are under 40.

*Year of exit
#Age of exit

Key Founder Exits

We excluded 10 co-founders from **India's Top 200 Self-made Entrepreneurs of the Millennia 2023** as they exited their founding business. Among the Top 10, Ashneer Grover was removed from BharatPe, whereas Sudhakar Gorti from Leadsquared took a career break and the remaining 8 founders started a new company.

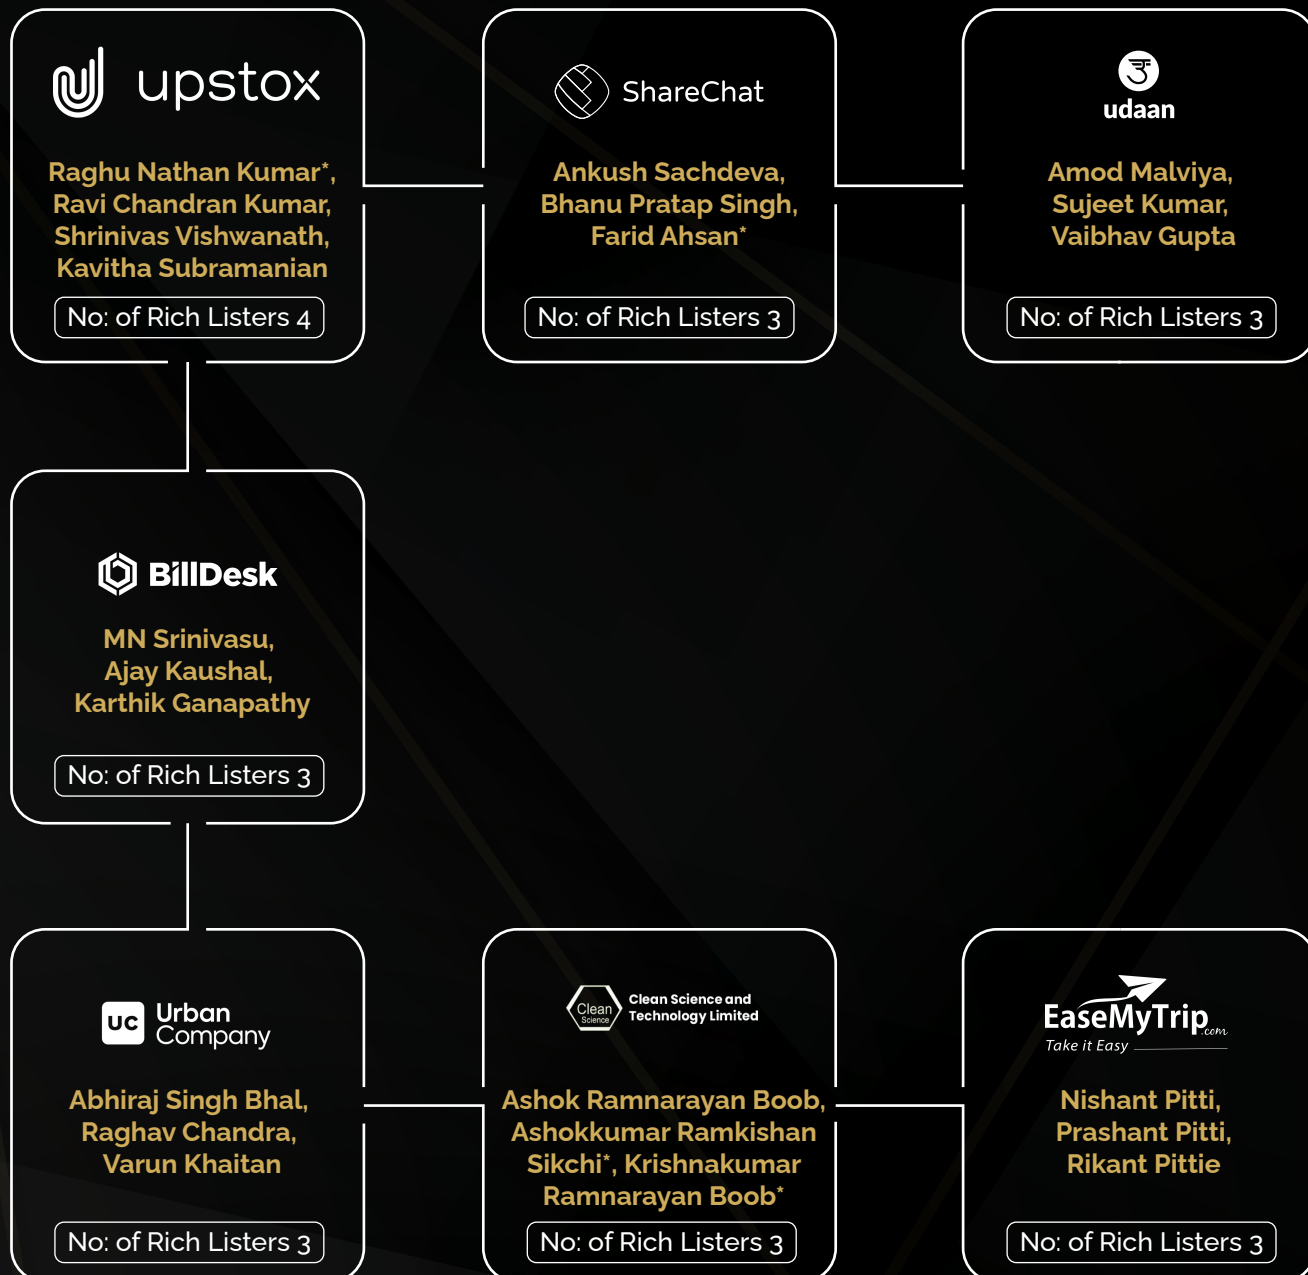

This ensures that the list represents the current and active self-made entrepreneurs who continue to drive innovation and success in their respective ventures.

* Year of exit

Hurun India *Rich List*

107 individuals from 64 companies featured in **India's Top 200 Self-made Entrepreneurs of the Millennia 2023**, also feature in the Hurun India Rich List 2023. And eight feature in Hurun India Philanthropy List 2023.

Nearly 40% of the total co-founders in **India's Top 200 Self-made Entrepreneurs of the Millennia 2023** are aged 40 or under, whereas only 4.2% of entrepreneurs featured in the 2023 edition of the Hurun India Rich List fell in the same age bracket.

* Individual has left the company

Hurun India *Philanthropy List*

These are the eight entrepreneurs from the Hurun India Philanthropy List 2023 who are featured in **India's Top 200 Self-made Entrepreneurs of the Millennia 2023**.

Listed Companies

Note : **Mr. V. Vaidyanathan, MD & CEO, IDFC FIRST Bank** originally featured in the research by Hurun India for the Top 10 of this list. However, his name has been excluded in the final list as IDFC FIRST Bank is associated with the initiative.

Radhakishan Damani of Avenue Supermarts founded the most valuable listed company in India's Top 200 Self-made Entrepreneurs of the Millennia 2023 followed by Deepinder Goyal of Zomato and Abhay Soi of Max Healthcare Institute. One-fourth of the companies featured in **India's Top 200 Self-made Entrepreneurs of the Millennia 2023** are listed on the stock exchange.

Geographical Distribution

The companies featured in **India's Top 200 Self-made Entrepreneurs of the Millennia 2023** came from 14 states, led by Karnataka, Maharashtra and Haryana. By city, Bengaluru led with 69, followed by Mumbai with 41 and Gurugram with 26.

Financial Services and Retail are the biggest contributors to **India's Top 200 Self-made Entrepreneurs of the Millennia 2023** with 46 and 30 companies respectively. The Top 5 industries made up 70% of India's Top 200 Self-made Entrepreneurs of the Millennia 2023.

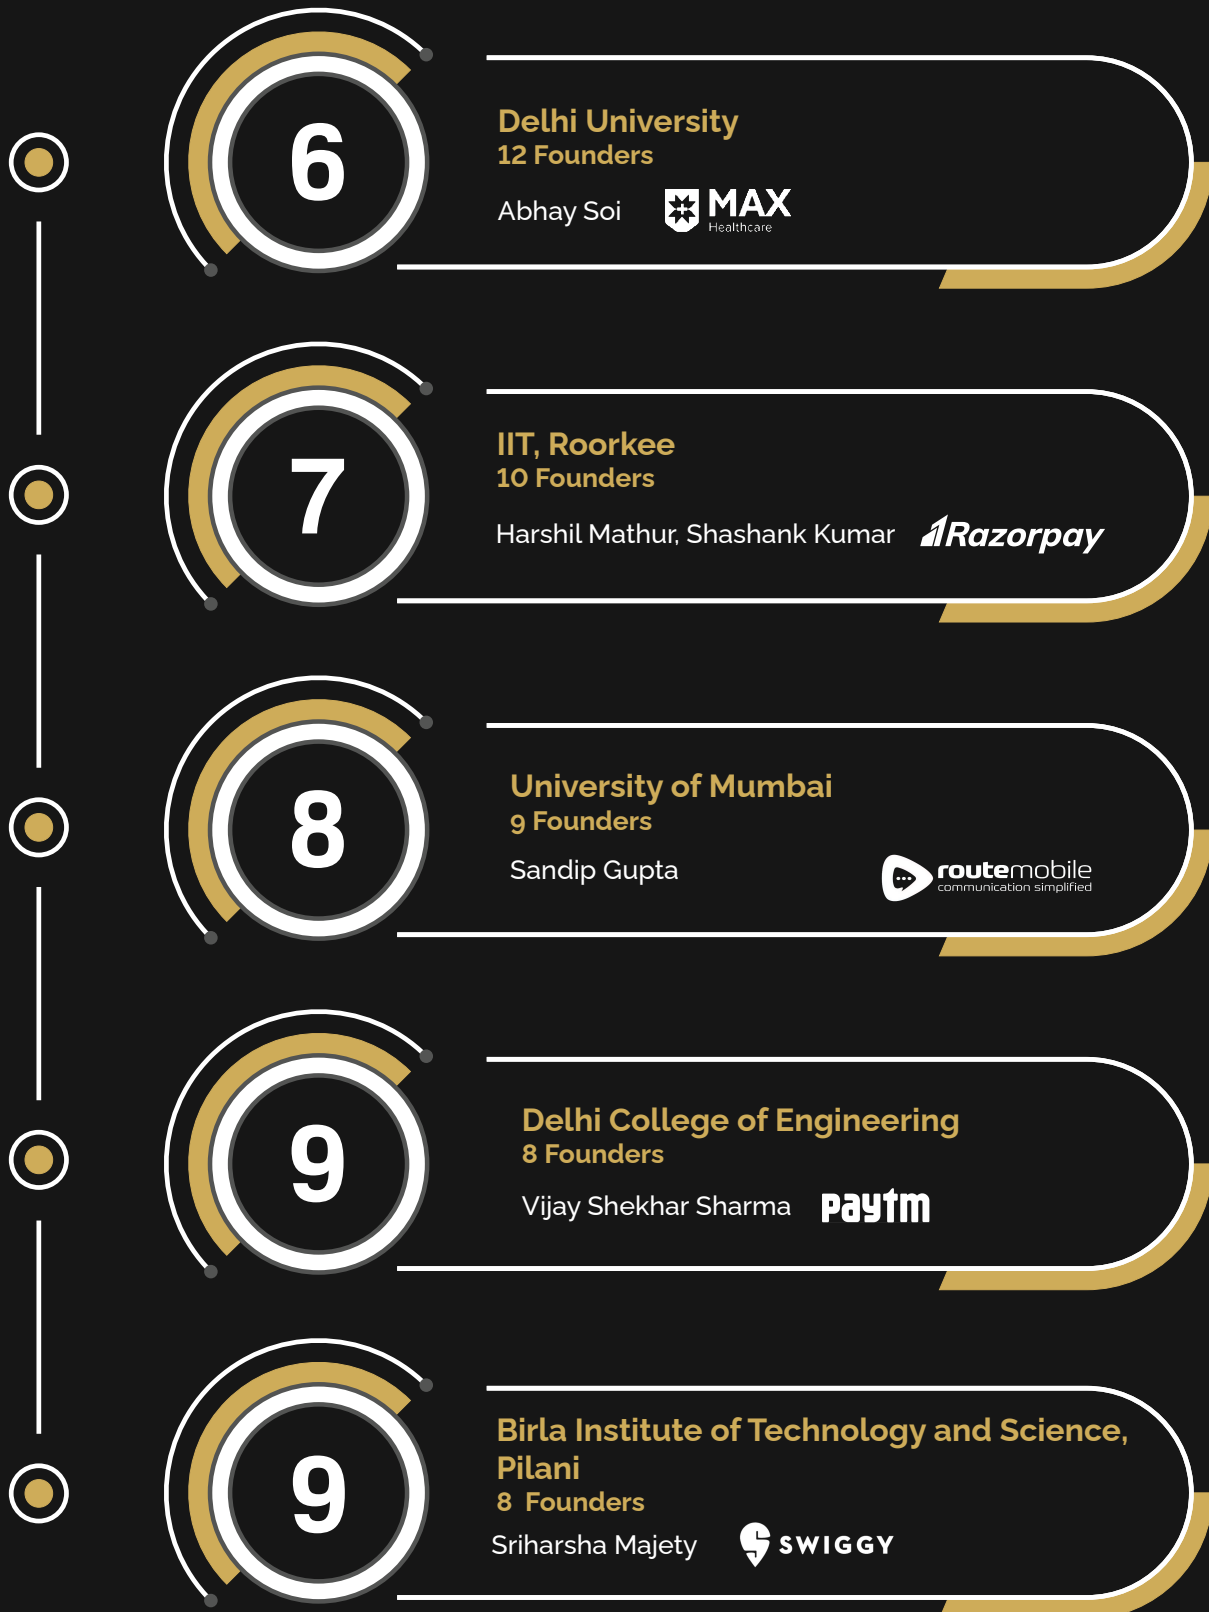

* Leading entrants from the industry

Top 10 Alumni Universities

*Leading entrant from the University

Indian Institute of Technology (IIT) is the most preferred undergraduate institute for the individuals featured in **India's Top 200 Self-made Entrepreneurs of the Millennia 2023**. IIT Delhi leads the list with 38 individuals, followed by IIT Mumbai with 24 and IIT Kharagpur with 20. Nearly one-third of the individuals featured in India's Top 200 Self-made Entrepreneurs of the Millennia 2023 graduated from IITs.

Star Signs of Self-made Entrepreneurs

Virgo and Cancer were the biggest contributors to **India's Top 200 Self-made Entrepreneurs of the Millennia 2023** with 14% and 12% companies respectively.

Ranking & Valuation Methodology

India's Top 200 Self-made Entrepreneurs of the Millennia 2023 is a prestigious list that recognizes the 200 most valuable companies based in India, all of which were established on or after the year 2000. This list specifically focuses on the exceptional achievements of self-made Indian entrepreneurs who have successfully built and nurtured the most valuable companies during this millennium, with 30th September 2023 as the cut-off date. This list is based on the value of the enterprise created and not the net worth of the individual founder or entrepreneur.

Valuing private companies is as much an art as it is a science. Surely, Hurun India may have missed some companies, but our endeavour is to develop the most comprehensive report of its kind with an objective to identify and acknowledge India's top businesses. Hurun Report's team of researchers have travelled the length and breadth of the country, cross-checking information with entrepreneurs, industry experts, journalists, bankers, and other sources of publicly available data.

For unlisted companies, **Hurun Research's** valuation is based on a comparison with their listed equivalents using prevailing industry multiples such as Price to Earnings, Price to Sales, EV to sales, EV to EBITDA. Other methodologies such as Discounted Cash Flow and Tobin's Q are also used. Financial information used is from the latest available annual reports or audited financial statements.

Valuing start-ups can be a challenging task due to their rapid growth and ever-evolving nature, which makes it difficult to determine their precise valuation. To maintain consistency in our valuations, the Hurun research team has relied on the most recent valuations based on significant funding rounds. Additionally, in some instances, we have taken into account investor-reported markdown valuations to provide a comprehensive analysis. We have also mindfully kept out companies / enterprises attracting any kind of controversy from this list.

1

Avenue Supermarts, popularly known as D-Mart, is a leading Indian retail chain that is founded by **Radhakishan Damani**. Damani, who is a successful investor and entrepreneur, has a background in finance and stock trading. Avenue Supermarts operates a chain of hypermarkets offering a wide range of products at competitive prices. The company's success can be attributed to its focus on efficient operations, low-cost business model, and strong customer value proposition. D-Mart went public in 2017 and has continued to expand its footprint, catering to the growing consumer demand in India.

2

Flipkart, an e-commerce giant in India, was founded by **Sachin Bansal** and **Binny Bansal** in 2007. Both Sachin and Binny are alumni of the Indian Institute of Technology (IIT) Delhi. Flipkart started as an online bookstore and rapidly expanded to become one of India's largest e-commerce platforms, offering a wide range of products in India. In 2018, Walmart acquired a majority stake in Flipkart, marking one of the largest e-commerce deals globally. Flipkart continues to innovate and adapt to changing consumer needs, driving the growth of the Indian e-commerce industry.

3

Zomato, founded by **Deepinder Goyal** and **Pankaj Chaddah**, is a leading Indian restaurant aggregator and food delivery company. Goyal, an IIT Delhi graduate in Mathematics and Computing, previously worked as a management consultant at Bain & Company. Chaddah, also an IIT Delhi graduate, joined Goyal after their roles as analysts at Bain. In 2018 Chaddah left the role from Zomato. Initially called FoodieBay, the company rebranded as Zomato to avoid conflicts with eBay. An interesting highlight is Zomato's acquisition of UberEats' Indian business, which further strengthened its position and dominance in the competitive food delivery industry.

4

Dream11, an Indian fantasy sports platform, founded by **Harsh Jain** and **Bhavit Sheth**. Jain, an MBA graduate from Columbia Business School, and Sheth, an alumnus of the University of Pennsylvania, combined their passion for sports and technology to create Dream11. The platform allows users to create virtual teams and compete in various sports leagues to win cash prizes. Dream11 gained immense popularity, becoming the official partner of the Indian Premier League (IPL). In 2020, Dream11 became their title sponsor, showcasing its influence in the realm of fantasy sports.

4

Swiggy, a popular food delivery platform in India, was founded by **Sriharsha Majety**, **Nandan Reddy**, and **Rahul Jaimini**. Majety, an IIT Kharagpur graduate, brings his engineering expertise to the company. Reddy, an alumnus of BITS Pilani, contributed his management skills, and Jaimini, another IIT Kharagpur graduate, added his technical knowledge until his departure. Swiggy started as a small startup in Bengaluru, providing on-demand food delivery services. The company's efficient delivery system and user-friendly app gained widespread popularity. Swiggy has expanded its operations to several cities across India and continues to innovate in the food delivery industry with new features and services.

Note : **Mr. V. Vaidyanathan, MD & CEO, IDFC FIRST Bank** originally featured in the research by Hurun India for the Top 10 of this list. However, his name has been excluded in the final list as IDFC FIRST Bank is associated with the initiative.

6

Razorpay, a leading Indian fintech company, founded by **Harshil Mathur** and **Shashank Kumar**. Mathur, an alumnus of the Indian Institute of Technology (IIT) Roorkee, and Kumar, an alumnus of the Birla Institute of Technology and Science (BITS) Pilani, joined forces to create a payment gateway offering seamless online transactions for businesses.
